WARRANTY

Decor IQ is committed to providing quality Christmas Lighting and Commercial Christmas Decorations.

Seasonal Use Products

Seasonal decorative lighting products are intended to be on display for up to ninety (90) days. All products should be inspected prior to use to ensure they are in intended working condition and then removed and stored properly to maximize product life and usability. Use of seasonal products for periods greater than ninety (90) consecutive days may contribute to excessive wear which can reduce the overall product life.

Indoor and Outdoor Rated Products

Indoor use products are not intended for use in environments of weather, moisture, exposure to the sun, elements, and excessive temperature changes. Weather resistant outdoor rated products can safely be used both indoors and/or outdoors. Outdoor rated products should be protected from direct exposure to moisture to include rain and irrigation systems.

Warranty Policy

Warranties on Decor IQ products vary by product. Refer to the product class for warranty specifications. Product misuse will void all warranties. Decor IQ is committed to protecting its clients' interests and will replace or credit product purchases that fail to meet product warranty standards.

We warranty to the original purchaser that at the time of purchase, Decor IQ products will be free from manufacturer's defects when used as intended. This protection is extended for three (3) years on metal framing, three (3) seasons on garland products and components, two (2) seasons on electrical wiring, and one (1) season on all computerized lighting components, light bulbs, light strands, installation hardware and décor components not specifically listed while used under normal conditions. Pole mounted displays are designed to withstand winds up to 60 mph with no ice load. Obligation under this warranty is limited to repairing or replacing any part or product determined by Decor IQ to be defective.

All items not specifically listed in the classes listed above are covered by a sixty (60) day warranty. Product that has been altered in any way is not eligible for warranty. The warranty applies to product only and does not extend to any costs incurred for shipping or installation and removal labor. Shipping is not included in this, or any warranty.

Under this warranty, the company's obligation to repair or replace is on a non-pro-rated basis. Labor to install and the cost of shipping are not included in this warranty and are expressly in lieu of all other warranties expressed or implied. Bulb burnouts or electrical damage caused by the buyer, weather, or handling in transit are not covered under this warranty. All merchandise is carefully inspected prior to shipping.
