Animated Display Concepts

Concept 1

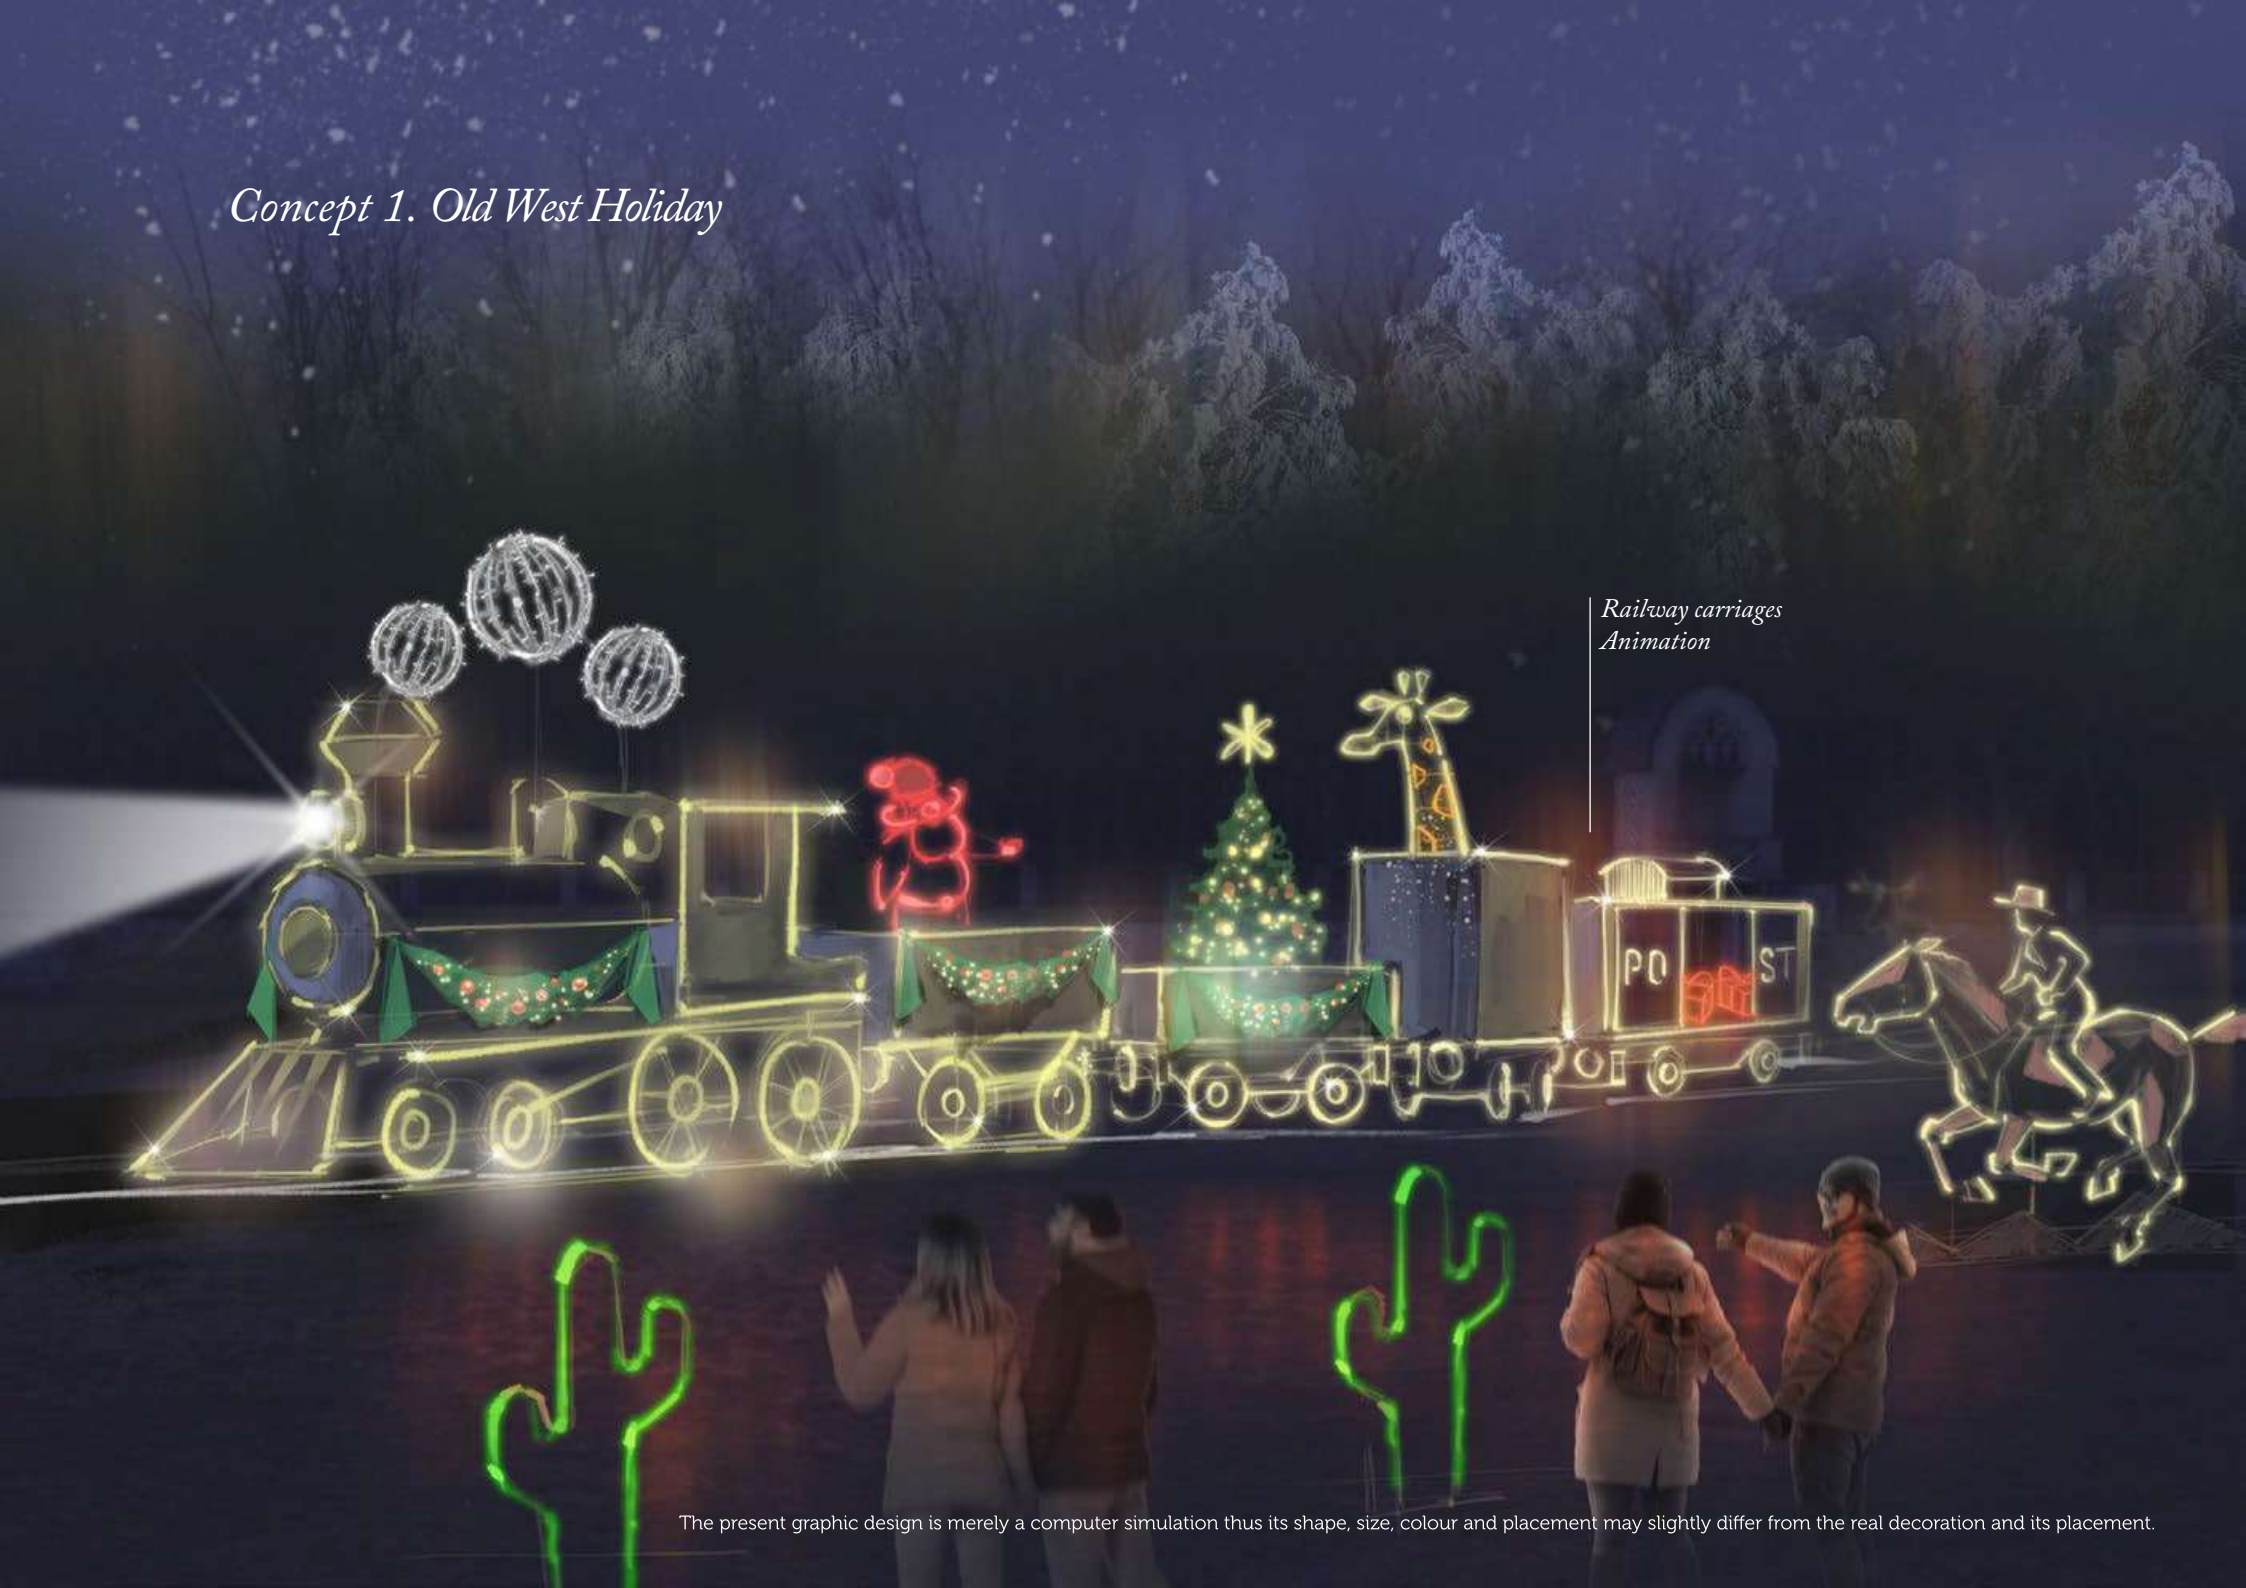
Concept 1. Old West Holiday

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Concept 1. Old West Holiday

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Concept 1. Old West Holiday



Railway carriages
Animation

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Concept 1. Old West Holiday

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Concept 1. Old West Holiday

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Train dimensions: 19'-8" x 9'-10" x 5'

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Concept 2

Concept 2. World of Nature

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Concept 2. World of Nature

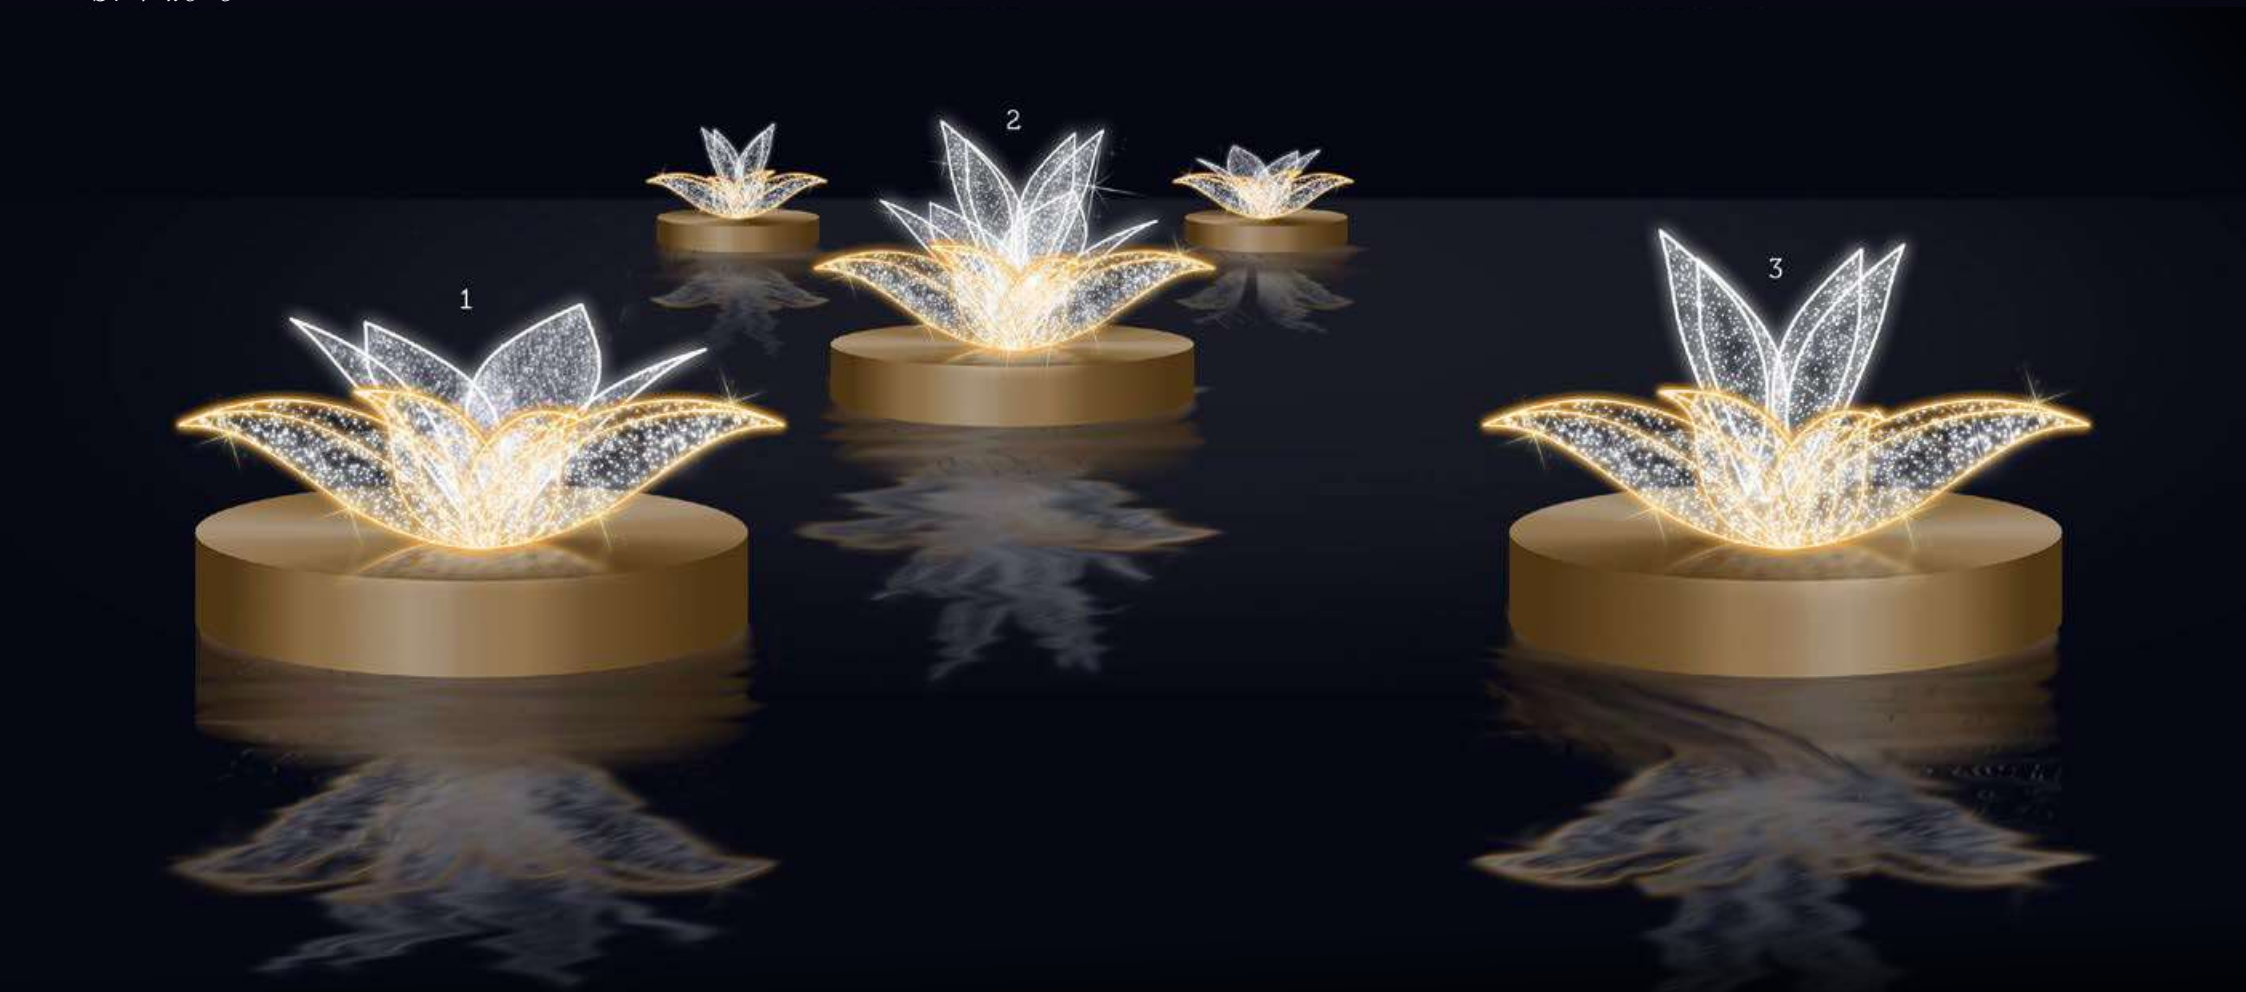
The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Dimensions:

1.
Ø4'-7" x 29"

2.
Ø4'-7" x 4'

3.
Ø4'-7" x 3'- 3"



The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Dimensions: 35” x 27’
Base Height: 27” and 43”

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

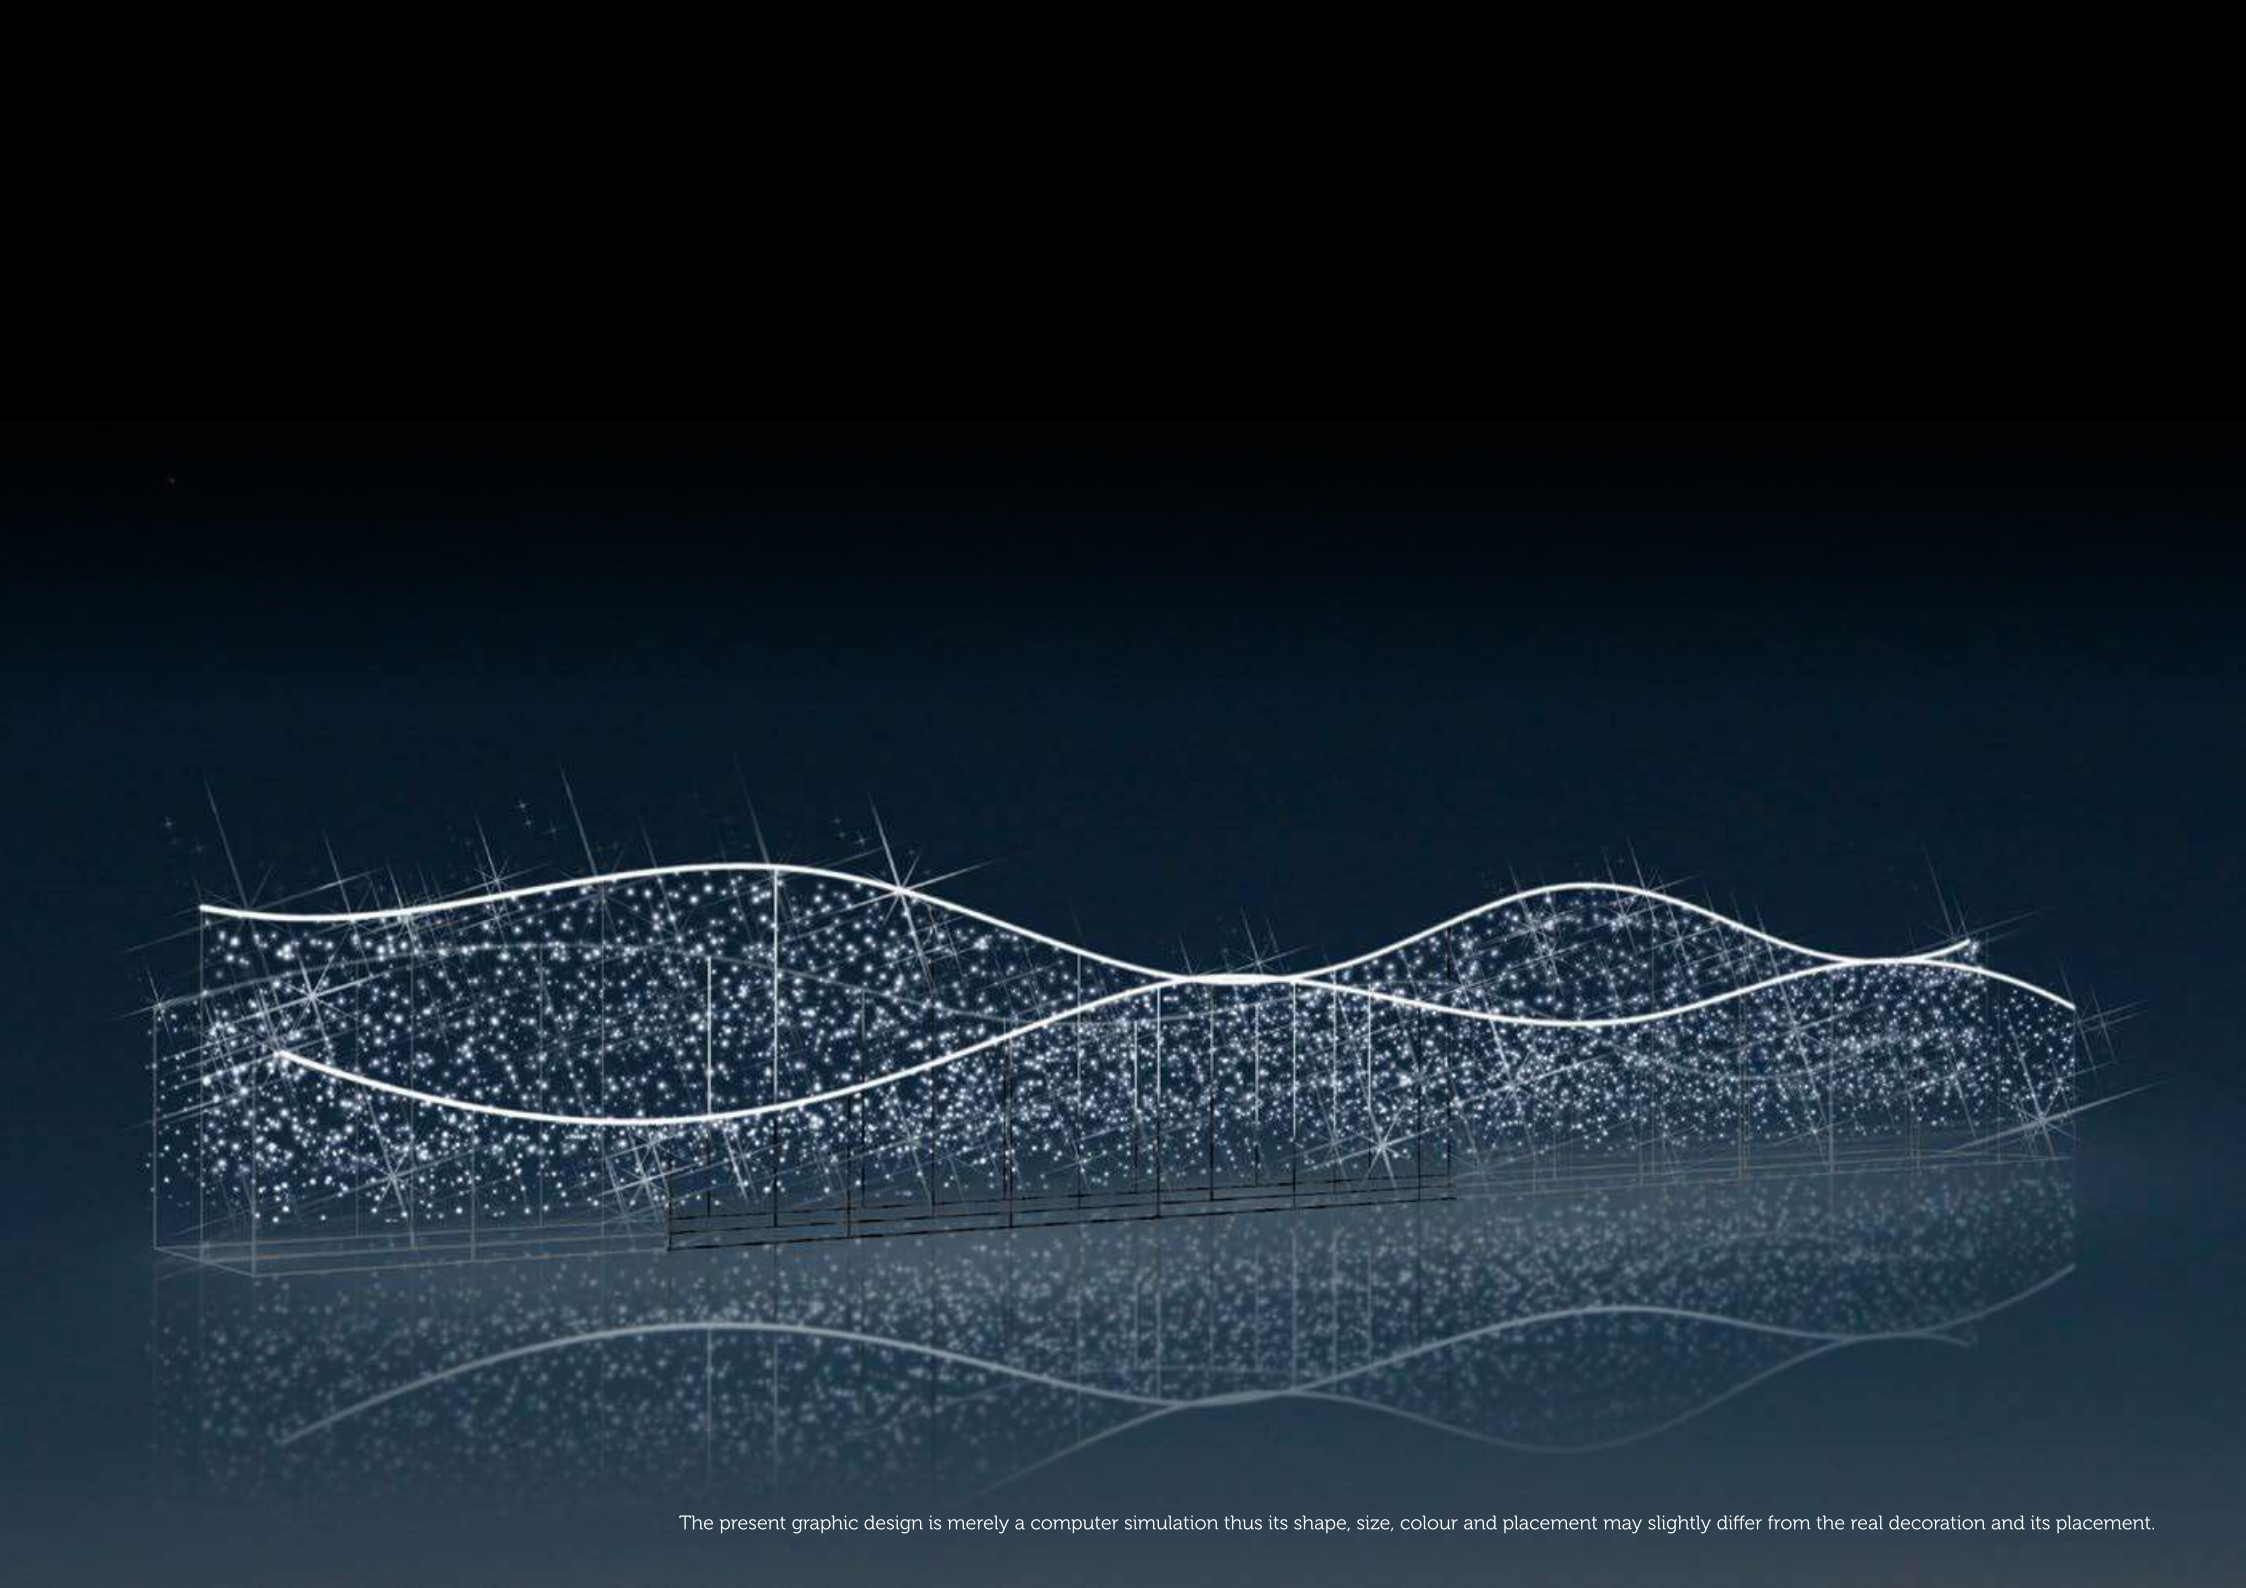
Dimensions: 31" x 10"

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Dimensions: 31" x 5' - 2"

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.



The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Dimensions: 14'-8" x 9'-10" x 4'

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Dimensions: 6’ x 9’-4’-5”

Lorem ipsum

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Concept 3

Concept 3. Neverland

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Concept 3. Neverland

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.

Dimensions: 14’ - 8” x 6’

The present graphic design is merely a computer simulation thus its shape, size, colour and placement may slightly differ from the real decoration and its placement.
